WEDDING PLANNERS | DECORATORS

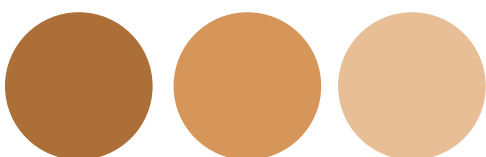

ABOUT VIVAH BY RA

Vivah by Raka is a bespoke event design company based in Pune, with operations all over India. Our events include weddings & functions & luxury brand events. We have an experience of more than 20 years and successfully curated and executed 2700+ Events.

We strongly believe that space design is imperative to creating a vibe that sets the stage for a memorable experience. We get to the heart of who our clients are and translate that into an experience true to our clients' core.

We love little things, making them prettier, and the unexpected pops of wit and whimsy that give our events life. Our journey is fluid and open ended, with a core belief that elegant space design is the cornerstone of a beautifully executed event.

Why choose Vivah by Raka ?

We at Vivah by Raka are a dedicated team of **experienced professionals and specialists** at using **design as a potent tool**, committed to creating **unique designs** and seeing them through **from concept to reality**.

We start by developing a list of values that are important to the goals of the celebration and **create a concept to implement the design, drawing up inspiration boards that guide the planning process, maintaining focus** and ensuring every piece is on track.

From the storyboard, we establish a blueprint for everything, including the **space design, lighting, specifications of floral, textile and centerpiece designs** used throughout the space. Each one of our **designs is custom tailored for our clients**, so the experience of your event is as **unique as you are**.
